

# Stabling/Corralling at Brynllwelyn for The Pen Ddol Y

## Gader Ride

We are looking forward to welcoming you and your horse to Brynllwelyn and hope you enjoy your stay with us.

**Stables are available from 6pm on the day of arrival and will need to be vacated by 5pm on the day of departure.**

Please note; we have a strict No-Smoking Policy on the yard.

### Stabling

The stables are situated within a barn on the yard at Brynllwelyn. They will be numbered and a chart posted on or near the door so you will know which your allocated stable is.

Straw bedding is included, and you are welcome to use our home grown, organic haylage from the round bale at the rear of the barn at no extra cost. Please do not use the small baled hay.

There is a water tap/hose at the entrance to the barn, which can be used for hosing your horse off or filling water buckets.

The muck heap is directly outside the barn; please bring your own mucking out utensils.

When vacating the stables, please bank any clean straw at the back of the box and remove any damp straw and droppings.

### Corralling

Corralling will be in field/s just beyond the yard, adjacent to the camping field. There will be a stand pipe/tap in both the fields.

Please bring your own fencing and mucking out equipment as we are not able to provide this. Corrals will need to be cleared of droppings and waste forage prior to departure. There will be a muck heap/point close to the edge of the field for this purpose.

We will have refreshments available to purchase on site, within an undercover seating area. The BBQ will be lit on the Saturday night, you are welcome to bring your own BBQ food to cook on it. We hope to make it a sociable evening and have a bit of music playing too, feel free to bring your favourite tipple.

We recommend you bring torches with you as lighting is very limited in the yard and there are no lights in the field.

If you wish to speak to us prior to your arrival please call Vicky: 07790001840

Regards, Vicky and Tim
